Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A customer applying for a credit card.	Get my credit card application approved quickly	I am unsure whether I meet the bank's eligibility criteria	The approval process depends on factors such as income, employment, family status, and credit history	Uncertain and anxious about the outcome of my application
