

Demonstration of Proposed Features

Date	02 JULY 2026
Team ID	XXXXXX
Project Name	Credit Card Approval Prediction
Maximum Marks	1 Mark

Demonstration of Proposed Features:

This document captures all the features that were proposed during the project planning phase and tracks whether each feature was successfully implemented and demonstrated. It serves as evidence of the team's ability to deliver on the proposed solution.

S.No	Feature Name	Description	Status (Implemented / Partial / Pending)	Demonstrate d (Yes / No)	Remarks
1	Data Preprocessing	Cleaned dataset, handled missing values, encoded categorical features, and scaled numerical features	Implemented	Yes	Successfully completed
2	Machine Learning Model Training	Trained and evaluated Logistic Regression, Decision Tree, Random Forest, and XGBoost models	Implemented	Yes	XGBoost selected as the final model
3	Credit Card Approval Prediction	Predicts whether a credit card application is approved or rejected based on applicant details	Implemented	Yes	Prediction accuracy achieved using XGBoost
4	Flask Web Application	Developed a web interface for entering applicant details and displaying prediction results	Implemented	Yes	Successfully demonstrated
5	Model Deployment	Saved the trained model, scaler, and encoders using Pickle for deployment	Implemented	Yes	Model integrated successfully with Flask
6	GitHub Repository & Documentation	Uploaded source code, documentation, screenshots, and project files to GitHub	Implemented	Yes	Repository created and project documented

Feature Implementation Summary:

Total Features Proposed	Value
Total Features Implemented	6
Total Features Demonstrated	6
Overall Implementation Rate (%)	100%
